CELEBRATE THE LAUNCH OF THE BUSKON MUSIC APP Hello saeid,

Don't miss the 2nd Seoul BSV meet-up at Vatos, Itaewon.

Join us as we welcome speakers from the Buskon Team, Jeff Paik of Finector, and G.Y. Lee and J.Y. Park of Mainmeta.

Discover more about the Metanet and witness the real-world utility of Bitcoin SV as it powers ONEStore's Buskon music app.

Buskon is a music app that allows musicians to earn BSV "donations" from viewers who appreciate their work. They can use the BSV they've earned on other platforms to purchase goods and services.

Join us for this exciting BSV Meetup and find out why ONEScore chose to build on the Bitcoin SV blockchain.
